* : Typical value

Remarks

GM statement: Herewith is stated that the above mentioned lot number of soy protein products, has been produced from NON-GM beans as described by the Cargill Identity Preserved Program. The Cargill Identity Preserved Program includes strict controls on the supply chain of the soybeans and an appropriate traceability system to ensure that each product is manufactured from non-GM soybeans. The program complies with the most recent European Union legislations 1829/2003 and 1830/2003. The program is audited, approved and certified by an independent surveyor company from which an annual certificate is available on request. Expiry date 6 months after day of production, when stored in a dry and cool place.
